**Millennium Advisory Services, Inc. Recognized On WealthManagement.com's
2019 Thrive List Of Fastest-Growing Advisors**

Richmond, VA (November 1, 2019)— Millennium Advisory Services, Inc. has been named a recipient of the WealthManagement.com 2019 Thrive Awards, honoring the nation's fastest-growing advisors. The WealthManagement.com 2019 Thrive Awards list was compiled by measuring percentage revenue growth over the previous three years. The average revenue growth of Thrive Advisors is three times that of the overall industry.

"The WealthManagement.com Thrive Awards is unlike any other recognition program," said WealthManagement.com editor-in-chief David Armstrong. "Rather than acknowledging AUM or profitability, it recognizes advisors who are on the way up— those who have proven themselves skilled and ambitious by virtue of three solid years of revenue growth. We believe revenue growth is a metric that demonstrates advisor success in providing services of real value to clients and prospects, and key to building a sustainable business for the future. The WealthManagement.com Thrive Awards list is a publicly visible testament to that success."

To qualify for the WealthManagement.com 2019 Awards Thrive list, applicants had to be based in the U.S., offer financial services to individual clients, and be free of regulatory actions. The full list will be published on WealthManagement.com on November 1st, and will be featured in Wealth Management magazine.

Applications for the WealthManagement.com 2019 Thrive list were accepted from individuals, teams and companies of all types and sizes—including solo advisors, ensembles, practices, family offices, RIAs and IBD reps. So making the list in 2019 was a remarkable achievement.

Paul Hunt, President of Millennium said "These past three years have been an incredibly exciting period of growth for us, and it's wonderful to see our success recognized with a WealthManagement.com 2019 Thrive Award. Receiving a WealthManagement.com 2019 Thrive Award is pretty amazing, and we're thrilled to be included in this list of thriving advisors. We thank our clients and employees for making this honor possible."
